Desert Diary

By R. B.

Although the valley area here may aptly be described as a new frontier, it is timely to point out how well cared for the several communities are with respect to utilities and conveniences at this comparatively early stage of growth.

Electric power and telephones are pretty much taken for granted now. But your reporter learned of the latest in communication with the far-off business worlds this week while at Twentynine Palms talking with Joe Wasserburger at the bank. He was interrupted to take a call on the teletype hook-up from far away Montreal, Canada. Through this teletype service the Joshua National Monument Bank of Twentynine Palms may contact any bank or business house in the United States or Canada .

In less than two hours some business was transacted and a fund transfer effected. By the way, Mr. A. E. Arscott, chairman of the board of directors, Canadian Bank of Commerce, Montreal, has been recuperating at 29 through the month.

Swapping yarns with Tommy Bouchey about World War II at Tommy's Restaurant last week was Harry H. Williamson, a Navy buddy of Tommy's. Harry and his wife are frequent visitors here. They returned to the U.S.A. recently from Buenos Aires.

Williamson, a great booster of the desert, sends copies of the Joshua Journal and Pioneertown Gazette all the way to a South America newspaper publisher friend of his in the Republic of Argentina, Mr. Charles Pescod of the Standard, Buenos Aires.

'Doc' Ater, Pioneer Area Resident Dies In Morongo Valley

MORONGO VALLEY — "Doc" Ater, as he was known by everyone in the Valley, was stricken with a serious heart ailment Saturday morning at six o'clock in Morongo and died suddenly.

Mr. Ater was born in Bertram, Texas, on April 4, 1872. He came to California fifty years ago and has lived in this desert area for many years, making his home for some years in the Pipes Canyon and Yucca Valley and for the past year in Morongo Valley.

"Doc" Ater was a well known figure throughout this entire area and held the respect, esteem and friendship of the new comers that knew him as well as all the old timers in the area. He will be greatly missed by his many friends in the desert area as well as elsewhere in the state where he is known. He leaves to mourn his passing his wife, Frances, three sisters and two brothers, all who reside in the state of Texas.

Funeral services will be conducted at Loma Linda Chapel, Wednesday, April 27th, at 2 p.m., with Rev. Bob Stephenson officiating. Cremation of the body will follow immediately.

Roy Rogers Greets First Tanner Tour; Rolls First Ball at Pioneer 'Bowl'

PIONEERTOWN — Roy Rogers, King of the Cowboys, was in Pioneertown for the inauguration of the Tanner Tours "Wild West Week-end" over Saturday and Sunday and the preview opening of the Pioneertown Bowl. He was accompanied by his wife (Dale Evans) and his daughter Linda.

Roy proved himself an excellent bowler. He threw the first ball down the alley to open the 'Bowl' of A. E. Thompson and A. C. White as 200 spectators looked on, then proceeded to roll a superb 211 game — with his cowboy boots on!

Other film personalities on hand for the occasion included: The Sons of the Pioneers, Monte Hale, Carolina Cotton, Shug Fisher, Tom London, Ken Curtis, Mike Vallon, Tom London and Pat Brady, new comic personality in the Roy Rogers pictures.

Four bus loads of Tanner bases brought 150 members of the various travel associations and agencies throughout Southern California into Pioneertown in the afternoon Sunday in time to witness a rodeo show and enjoy a barbecue on "Mane" Street. The buses were held-up by masked bandits on horseback in the rocky approach to Pioneertown, but it was all in fun, the bandits really were escorts.

LIONS DISCUSS ROAD

Tri-Valley Lions met at Bouchey's in Yucca Valley on Thursday evening in a regular meeting. A discussion of the Twentynine Palms highway through to Parker was the highlight of the program.

SCOUTS VISIT

Thirty-nine boys and dads from San Gabriel, Calif., stopped over in Joshua Tree on Saturday just before going up into the national monument for a week-end camping stay. They represented Troop 2 of San Gabriel and were headed by Fred Damon and Burt Woodburn, scoutmasters.

This Could Be You!

Feel Lucky?

Well, it just might be you who wins that beautiful Philco Refrigerator at the Turtle Race drawing next Sunday afternoon!

The 8-cubic ft. box was furnished to the chamber of commerce at wholesale by Wilson's Home Furnishings of Joshua Tree and is currently on display over at Bob Garry's Shell station.

Sunday afternoon just before the Sweepstakes race the drawing will be held — so get in on the drawing. It could be you!

100 Turtles To Vie For Prizes In 4th Annual Joshua Tree Derby

A big pre-dance race at Sportsmans hall on Saturday night. Six big races with more than 100 turtles of all sizes competing on Sunday afternoon. A colorful midway with concessions of food and fun.

A grand drawing with a beautiful Philco refrigerator to the lucky winner.

All this and entertainment galore will be enjoyed by the hundreds of visitors expected here in Joshua Tree over the week-end marking the 4th running of the annual Grand National Turtle Races.

DIRECTORS MEET

The final meeting of the directors and committee heads of the show will be held tonight for a last-minute check on details, G. O. McMillen, chamber of commerce head said.

The big Saturday night dance is sponsored by the Sportsmen's and Women's clubs respectively. Dance is slated for 8:30 with sparkling music by the "Honeydrippers."

It took a long distance call from Joshua Tree to Sarasota, Florida, to get hold of the rattlesnake meat for the Turtle Races Sunday. At that time all those who eat a rattlesnake sandwich will be taken into the "Honorable Order of Desert Rats.

A case of the much sought after stuff will be sent here by air express from a reptile farm near Sarasota. Gerald McMillen of the chamber of commerce here made the call. Attempts to locate canned rattlesnake meat here in California were unsuccessful the Journal learned.

The turtle races get under way at 1:30 p.m. Sunday.

The midway will consist of booths operated by the Sportsmen Club, Women's P.T.A., ranchers from Rancho Sun Valley, National Park Service and other neighboring communities.

All residents of Joshua Tree have been asked to dress western for the occasion.

Much Interest in Free Rock Exhibit

The committees in charge of the Rock and Mining Exhibit, to be held Turtle Day in Joshua Tree under the auspices of the Joshua Tree Community Club, have been busy all week preparing for the event.

Many rock displays owned by local citizens, have been offered to Jimmy Shearn, Chairman of the committee.

The general interest in this exhibit tends to prove that it will be worthwhile to promote an annual repetition of displays of this sort.

The following committees have been chosen to promote and guarantee a successful exhibit: Bud Lydya, Publicity; Ray Moore, Chairman of Rock Display; Willis Keys and Bill Workman, Mining Display; Harold Jost, Building Committee; Jack Branthoover and Ken Stockwell, Grounds Committee; Pat Garry, Reception Committee; Sam Lafferty, Harry Wheeler, Clifford Suffdy and Gus Ojala, Transportation; Jim Shearn, Chairman of Exhibit.

Patriotic Turtle

JOSHUA TREE — Wise old Mr. Turtle had this country's future figured out long ago! He's very patriotic and here's why:

Count the large segments — or divisions if you will — on his top shell, there'll be 13 which mark the 13 original colonies. Then count the segments on the apron and on the undershell and you'll find 35 more. Total them and there are 48, like the 48 states.

This information was given the JOSHUA TREE JOURNAL by William H. Rowe, long time desert resident here who has seen the previous three turtle races and will be here for the running of the 4th annual races on May 1st when more t han 100 turtles of all sizes will compete.

Cub Scouts Elect Officers Saturday

The first meeting of the Joshua Tree Cub Scouts, Den Pack No. 71, was held Saturday at the Community Hall. Nine 'Cubs' were present and the following officers elected:

Don Braham, Denner; James Lafferty, assistant Denner; Damon Wheeler, Keeper of Buckskin; Roger Braham, publicity; and Gary Hoover and Don Braham were volunteers for cheer leaders of the pack.

Felix Terragas is the pack song leader.

Two new cubs were registered, Troy Clark and Manty Lloyd Norris. The next meeting is slated for May 7.

Boy Scouting

"Boy Scouting is probably one of the most significant forces in bringing together the several communities of the valley area in the past few months."

This statement came from a civic leader in Twentynine Palms this week in an interview with the Journal.

Boy Scouting has come a long way in the valley here in just a short time. Proudly, each community has its own troop and reports from the Arrowhead Council indicate that the activity and interest shown is very encouraging. Boy Scouting deserves the attention it is getting here in the valley.

For our teen aged boys to meet in friendly competition in Boy Scout activities involving the troops of Morongo, Yucca, Pioneertown, Joshua Tree, and Twentynine Palms is symbol of good American living. These youth, all attending the same high school together, are cementing a feeling of good will among the communities. They are providing a common meeting ground for parents.

The man who made the statement above went on to say that among our business and civic leaders 10 to 15 years hence will be found a good proportion of youth now enrolled in the Boy Scout troops here. Time will bear him out. — R.B.

On Security and the Land

The Los Angeles Examiner carried an editorial last week called "PUMICE AND SPIDER WEBS" which spoke of some of the unforseen developments, products and fortunes that California has produced. The Golden State, just a generation ago known only for cattle, fruit, gold and tallow, now lists page after page of goods grown, extracted or manufactured herein.

A portion of the editorial follows: (from the Los Angeles Examiner)

"who today can foresee what new things will be produced in this incredibly rich El Dorado, what great fortunes will result from still greater benefits?

It was once a boast, and is now a truism, that no one can go wrong by investing in a square foot of California.

This square foot, plus an ounce of ingenuity and an hour of labor, is as close to security as has been hoped or calculated."

PAINTING A PICTURE

You say you could not paint a picture if your life depended upon it, and yet that is the very thing that each one of us is doing — painting a picture of his life.

Each one paints the picture of himself whether he will to or not; he can make of it a Rembrandt or a hodge-podge of meaningless colors.

A good artist has a well-defined, mental picture of that which he wishes to portray. He does not allow people nor conditions to influence the cohice of his working-materials nor to alter the nature of his design. Day by day he is adding color to the picture. Each task he performs lends its own peculiar color to the canvas. Every thought, word, and deed has its place in the finished product!

The world is watching you and me paint our portraits, and, somewhere, some one is being influenced by our work. Unknowingly we are influencing another life; unknowingly, yet assuredly, we are responsible, in a measure, for the picture that another paints of himself!

Letters to the Editor

Editor, Joshua Journal
Joshua Tree, Calif.
Dear Sir:

Since the terrible tragedy that cost the life of the little girl at San Marino, I am reminded of a situation existing at Joshua Tree that should be taken care of before a similar accident occurs in your own community.

There is an abandoned well casing about 16 inches in diameter and extending 3 feet or more above the ground surface just east of the Giant Rock Road and posibly three quarters of a mile north of 29 Palms Highway, which I am told is over two hundred feet deep and could be the cause of another tragedy.

I have a lease just north and adjoining the Townsite and use this road every few weeks, and in each instance I see this casing and on several occasions I have seen children playing in the vicinity of it.

The ownership of the well I do not know so that is the reason I am writing you to see if you can prevail upon the owners, either personally or through your paper to have this well, and posibly others in and around the community, capped and thereby eliminating the hazard.

Very truly yours,
Harry F. Otto,

Photographer Lauds Desert Flowers Here

Mr. William B. Gruber, a photographer from Sawyer's, Inc., Portland, Oregon, spent three days in this area taking wildflower pictures. He had been invited by the National Park Service in the interest of making available to the public three dimensional color pictures which will be distributed in photographic shops throughout the country. He also took extreme close-up shots so that the construction of the flower could be studied by scientific groups.

Mr. Gruber stated that he hoped to have the round discs, each of which hold a number of color shots

and which are inserted in the small viewer, on the market by next fall.

"GREAT VARIETY"

Mr. Gruber, who travels all over the west in search of wildflowers and scenic pictures, stated that in no other area in California had he seen such a great variety of desert wildflowers. He stated that, while this area does not have solid masses of flowers of one color such as the Bakersfield area had before the advent of sheep grazing and farms, the Monument does provide the best opportunity to view a large variety of wildflowers particularly the many cacti with their large showy blooms. Mr. Gruber, who has been following the wildflower displays for many years, is considerably disturbed over the diminishing flower areas and the destruction of plants by visitors even in the areas where an attempt is being made to preserve them for future enjoyment.

It should be mentioned that the unauthorized possession of wildflowers is an offense which is punishable by Federal, State and County laws.

Yucca Valley Notes

By MAE M. SOWELL

New Feed Store In Yucca

Mr. and Mrs. Stanley S. Johnson of Yucca Valley have purchased the feed store on Hopi Trail, across from the S & L Builder's Supply Co. Mr. Johnson states that he will handle the complete line of Ranchway Feeds and will be in position to finance feed for the turkey growers of the area of the entire desert valley, including Yucca Valley, Morongo Valley, Joshua Tree and Sun Valley area. By seeing Mr. Johnson you can feed your horses, cows, chickens and turkeys and all other livestock you may possess.

Mr. Frank McDonald, Hollywood film director, and Mike Vallen of Hollywood were guests of the Desert Sky Motel over the weekend.

Mrs. Keck, wife of Skipper Keck, is helping her husband in his ever increasing business record service.

Mr. and Mrs. James Sutton of Pasadena were visiting their friends, Mr. and Mrs. Tommy Davis of Warren's Well.

Howard Clark, well known writer of the Valley, enjoyed a visit over the weekend by his sister, Mrs. Addie Outterside, a niece Miss Laura Outterside of Technicolor Films, Hollywood and her fiance, Ray Crowell of Los Angeles. The party spent three days seeing the Country from the Monument to Pioneertown and rode Bill Pace's "buckin' bronc."

Mr. and Mrs. Allen Mickley of Wilmington who are spending some time at the Melette Guest Lodge, celebrated Mr. Mickley's birthday Saturday night by giving a dinner party at the Buckskin Club. Guests were: Mr. and Mrs. E. R. Willianms and Mr. and Mrs. Rene Mellette. The party later spent a very enjoyable evening in Pioneertown.

Mr. and Mrs. Charles McGonegal and grand daughter, Charlene, left Monday for their home in Sunol. Mrs. McGonegal will remain in Sunol for an indefinite time but Mr. McGonegal will go to Toronto, Canada, where he will transact business.

Mr. and Mrs. E. C. Hardesty spent the week-end in Palmdale.

Mr. and Mrs. W. M. Rice had as their week-end guests their daughter and family, Mr. and Mrs. Dunn and their daughter Virginia of Indio and their son Jake, his wife and young son. Jake is a Marine and stationed at Camp Pendleton.

The "Sons of Pioneers" with their wives were guests at the Lombardo Motel. These famous gentlemen are: Pat Brady, Hugh Farr, Carl Farr and Shug Fisher. Other guests of the Lombardo were: Mr. and Mrs. Thomas McLaughlin and Mr. and Mrs. James Reed all of San Pedro.

Mrs. Florence Lee, sister of Captain Ray Keck, head of the Keck Business Record Service, is visiting the Skipper for several weeks. Florence is a resident of Philadelphia and will probably be entranced enough with our community to take up some property here.

The many friends of Harry Corrigan of Los Angeles, and owner of about 480 acres of land in Yucca Valley, will be surprised, and saddened, to learn that he passed away April 20. He was a frequent house-guest of Guy Ohlen, and wherever he went his kind and sunny disposition made him a welcome visitor.

The Trinity Full Gospel Church of Yucca Valley invites the valley residents to attend the ground breaking service at Kickapoo Trail near Santa Fe Trail on Sunday, May 1st, at 10:45 a.m. There will be special music and speakers.

California Power Men Go Modern

The California Electric's repairmen have gone the way of the air force and police departments and send radio dispatches broadcasting their orders from Bishop, San Bernardino and Blythe to nearly all parts of the Company's system. A fleet of the Company's trucks now known as "Mobile Station" are equipped with small sending and receiving sets for two-way conversations with the central station to speed their service throughout the system.

"It's all a part of improving the service" explained W. T. Johnson, General Superintendent. "We have to keep moving ahead, and every year must see better service than the last."

Lt. Dorothy Hole, navy nurse from the Corona hospital, is spending a 10 day vacation leave in Yucca with Harriet Garvin.

Spring Fever -- Means You're Tired

"Spring Fever" is a much abused phrase. We use it to describe all sorts of things — from being in love to a good old-fashioned attack af laziness. It can happen in the city — and on the desert here, too.

The original meaning of "spring fever," the general feeling of lethargy that frequently comes with early spring, is the one with which we are concerned. It's a familiar feeling to most of us, characterized by physical fatigue, an inability to concentrate for long on work or study, and a great desire to "just sit and do nothing," preferably in the open air.

Spring fever is usually caused by a number of things. We feel tired because we are tired. We have just been through the long, hard winter months of inclement weather, busy schedules at work or play, and perhaps colds and other diseases that seem to accompany winter weather. Besides, by the time spring has arrived, it has been close to a year since most of us have had a real vacation. All this has been a great drain on our energy and we feel it.

Just as spring fever is caused by an accumulation of things, there are a number of remedies that must be applied to effect a real "cure."

Part of the spring fever may actually be the body's protest against too little rest and sleep. Sometimes a person "suffering" from spring fever can cure his "illness" in short order by getting to bed earlier and planning his work or study more carefully to cut down on the rush and pressure.

Depleted energy is also built up by a good, properly balanced diet. We can give a little extra attention to our diet in the springtime, making certain that we are getting a good variety of foods, with emphasis on fresh fruits and vegetables.

The desire to be out-of-doors in the spring is a natural one. Winter gives us little chance to receive the health-giving benefits of sunshine and plenty of fresh air. With the more clement weather of spring, it is pleasant to walk at least part of the way to and from work or school, and it is a good idea to get "out" for at least a little while during one's lunch hour.

Of course, it is dangerous to dismiss or neglect a persistent feeling of illness as "spring fever." Constant fatigue and lethargy, especially when they persist after proper rest and diet, demand a medical checkup, no matter what season of the year they may come.

Hollywood Notes

By BERNIE KAMINS

Over Hollywood way, where the stars are beginning to examine maps to find vacation spots in this general area, the heat is on. You can take this a number of ways. At any rate, while filmites are talking Palm Springs, 29 Palms, Pioneertown, Joshua Tree and so on, here's what's happening.

The heat is on as far as talent is concerned. Scouts have been sent to San Francisco, to San Diego and other points to put the gold-dust finger on newcomers with screen potential.

In San Francisco, Dorothy Sarnoff is their target. La Sarnoff is a beautiful opera star. She resembles Marlene Dietrich. At the moment she is starring as the Countess in "The Great Waltz." Her rave notices in the press first sent M-G-M executives into a confab. They happen to be on the lookout for a singer with talent who might star in the re-make of several Jeanette MacDonald opuses. So far, however, Sarnoff has been a pretty sensible lassie. She will only accept a role that requires dramatic acumen as well as voice talents.

In San Diego, there's a place called Imig Manor. Going into a fourth week there is a novel singing trio. As a matter of fact, they are called the Mary Kaye Trio. Comprised of one lovely lady and two handsome men, this Hawaiian entertainment has spread its word-of-mouth fame as far as Hollywood. They have had all kinds of offers from nightclubs. But the Music Corporation of America placed them under contract and are saving them for big things in pictures.

IN DESERT LIMELIGHT

Incidentally, just a few miles away from Joshua Tree is Pioneertown. Don't be surprised at all if you hear that someone has been tapped on the shoulder for a motion picture career from there. It is very likely that this will happen. The Cisco Kid pictures and now the Gene Autry pictures are being made there. Film moguls are traveling to the Western mecca more and more. You wanna be seen by the "right" guy? Spend some time in Pioneertown.

Joshua Tree and Rancho Sun Valley will be mentioned in a Western novel soon. Frank Gruber, one of the leading writers of the country — 27 books and almost that many motion picture scenarios — is scribing a new one. He said that his locale would be this "high desert" region.

Newest "find" in the cinema capital is one Bill Talman. He was brought out to Hollywood from New York by Paramount Studios to play a heavy role in "Red Hot and Blue." He did so well that RKO Radio Pictures, Inc., snatched him up from under the noses of Paramount and inked him for a leading role opposite Bob Ryan in "I married a Communist."

The district attorney in Los Angeles is a little bit worried. He is being depicted in a motion picture. In the making of it, they're going to move him out of his office because they are going to shoot scenes there. The picture is "Terror." The director is Felix Feist. The producer is Hugh King. The story is about a guy like the late Dillinger. He escapes from prison and is out to "get" the d.a. who put him there.

Drivers' License Examinations

Drivers' License examinations will be given Wednesday, April 27, 1949, at Josh's Barn in Twentynine Palms. Hours are 10 a.m. to 12 p.m., 1 p.m. to 4 p.m., the announcement came from B. Dawson, examiner, Department of Motor Vehicles.
